EX-TREME CARTS

Designed to Perform

What makes our BullNose Shopping Cart different than other carts?

Quality made in the USA

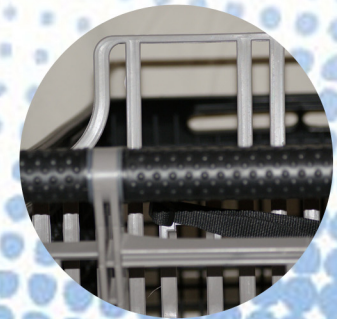

Ribbed Caster Plate and Tray

Reduce surface area for rain water to collect - reducing the chance of slip and fall accident.

Super Tough

Carts are made with a super tough polymer that is nearly indestructible.

Soft Grip Handle

Less Theft

There is less theft with all plastic carts, due to the valuable scrap metal market.

Less Damage to store fixtures and cars

Rear Wheel Lift

Rear wheels are raised off the ground when nested which reduces flat spots on wheels.

Rust Free Forever

Our plastic carts are perfect for coastal areas where sea salt air is prevalent.

Replaceable Parts mean Longer Cart Life

Most plastic carts are scrapped when the basket breaks- Our cart is multi-piece so the parts can be easily replaced..
